

Netizen Driving Directions

2 Pirton Grange Farm
Pirton Road
Shillington
Herts
SG5 3HB
Tel: 01462 713 022

From the North (M1 Southbound)

Assuming you are travelling south along the M1, leave the motorway at Junction 13 [Milton Keynes South].

Take the A507 signposted to Ampthill & Bedford. Follow this road until you reach the junction with the A6 at a large roundabout in a place called Clophill. Take the right turn off this round-about, which is the A6 signposted to Luton.

Follow the A6 for about 4 miles until you reach the outskirts of a village called Barton-le-Clay and a large roundabout. At this roundabout take the first left turn onto a road which is signposted to Higham Gobian and Shillington.

Follow this road for a couple of miles through Higham Gobian and onto Shillington/Apsley End.

In Shillington/Apsley End you will reach a T junction of sorts on a very sharp bend. There will be two turnings on your right – take the second turning past a converted barn. This is signposted to Hitchin.

After a couple of hundred yards just as you are leaving the village, you will see a turning on your right into a farmyard. There is a sign in green saying Pirton Grange Farm.

Take this turning and drive into the yard where you will be able to park on your left. Netizen is located in the small black barns at the far end of the farmyard opposite the very large moated house. We are in the first barn, number 2.

From the North (A1 Southbound)

Assuming you are coming South down the A1. Take the junction marked Hitchin and Stevenage off the A1 (J8). You need to turn right and take the A602 to Hitchin.

Go along the A602 into Hitchin. Keep on the A602. You will come to two main roundabouts - at each one follow signs to Luton and the A505.

You will get to a third roundabout. There is a Texaco garage on your left and straight on is signposted Luton. Take a right off this roundabout following the signs to **Barton Le Clay and Pirton** (B655).

Follow the B655 up the hill out of Hitchin and on for about 2miles or so. At the first cross roads you come to, take a right turn - signposted to Pirton and Shillington.

Follow this road for about 1 mile to the edge of Pirton (the first village you come to) and a T junction. Take a left here (actually you will be going straight on but will have to indicate left).

After 200m or so there is another T junction. Again take a left here (although actually you will be going straight on but will have to indicate left). After another 200m or so there is yet another T junction. Again take a left here (although actually you will be going straight on but will have to indicate left) and it looks like you are leaving the village.

The road will take you past a water tower on the left hand side and down a hill to a T junction. Go left here - signposted to Shillington.

After 1.5 miles the road goes down another hill and past a BUPA Nursing Home (v.large house) on your right. The road bends to the right round some black barns. Just before the 30 speed limit signs, there's a turning on the left hand side (there is a sign saying Pirton Grange Farm). [If you reach a T junction on a nasty sharp bend, you've gone too far and missed the turning to the office]

Take this left turn and drive into the yard where you will be able to park on your left. Netizen is located in the small black barns at the far end of the farmyard opposite the very large moated house. We are in the first barn, number 2.

From the South (A1 Northbound)

Assuming you are coming North up the A1. Take the junction marked Hitchin and Stevenage (it's the second turning to Stevenage off the A1) off the A1. The road you need to take is the A602 to Hitchin (first left off roundabout)

Go along the A602 into Hitchin. Keep on the A602. You will come to two main roundabouts - at each one follow signs to Luton and the A505.

You will get to a third roundabout. There is a Texaco garage on your left and straight on is signposted Luton. Take a right off this roundabout following the signs to **Barton Le Clay and Pirton** (B655)

Follow the B655 up the hill out of Hitchin and on for about 2 miles or so. At the first cross roads you come to, take a right turn - signposted to Pirton and Shillington.

Follow this road for about 1 mile to the edge of Pirton (the first village you come to) and a T junction. Take a left here (actually you will be going straight on but will have to indicate left).

After 200m or so there is another T junction. Again take a left here (although actually you will be going straight on but will have to indicate left). After another 200m or so there is yet another T junction. Again take a left here (although actually you will be going straight on but will have to indicate left) and it looks like you are leaving the village.

The road will take you past a water tower on the left hand side and down a hill to a T junction. Go left here - signposted to Shillington. After 1.5 miles the road goes down another hill and past a BUPA Nursing Home (v.large house) on your right. The road bends to the right round some black barns. Just before the 30 speed limit signs, there's a turning on the left hand side (there is a sign saying Pirton Grange Farm).

[If you reach a T junction on a nasty sharp bend, you've gone too far and missed the turning to the office]

Take this left turn and drive into the yard where you will be able to park on your left. Netizen is located in the small black barns at the far end of the farmyard opposite the very large moated house.

From the South (M1 Northbound)

Assuming you are travelling North up the M1, exit M1 at Junction 12. Turn right, over the motorway through set of lights (A5120 to Westoning and Flitwick).

Travel 1/2 mile and take small right turn just after Garden Centre on the right (Toddington Road) - watch out for it!!

Follow this road into Harlington. At cross roads, go straight over.

Follow this road all the way to Barton-le-Clay (via Sharpenhoe). At mini roundabout turn left through Barton-le-Clay 'High Street'.

At next roundabout carry straight over to another roundabout where you should turn right towards Higham Gobian and Shillington.

Follow this road for a couple of miles through Higham Gobian and onto Shillington/Apsley End. In Shillington/Apsley End you will reach a T junction of sorts on a very sharp bend. There will be two turnings on your right – take the second turning past a converted barn. This is signposted to Hitchin.

After a couple of hundred yards just as you are leaving the village, you will see a turning on your right into a farmyard. There is a sign in green saying Pirton Grange Farm. Take this turning and drive into the yard where you will be able to park on your left. Netizen is located in the small black barns at the far end of the farmyard opposite the very large moated house. We are in the first barn, number 2.

Park in car park and walk round to small converted barn offices opposite (very) large house with moat.
